Short press " ⊟ " button，open or close the seat.

Long press " ⊟ " button to turn on/off auto lid open/close function.

User code

• Radio frequency remote control

① Shut off the power supply of toilet

② Press and hold " ■ " button, then press " ⊙ " button, the indicator light will flash.

③ Re-connect the power plug and press "reset" button.

④ The indicator stops flashing and stays on for 2 seconds, indicating that the remote control and the toilet are matched successfully. It beeps once when the self-inspection completes. Then the remote control is ready for use.

Other operations

Quiet mode

• Press and hold the " ■ " button and press the " 👤 " button to turn on/off quiet mode.

Auto deodorization

• Press and hold " ■ " button and press "🌀" button to turn on/off auto deodorization function. The deodorization function will be automatically turned on when the user is seated, and will stop after user leaves. Under drying, deodorization will stop. (This button combination is only applicable to toilets with auto deodorization function, and the auto deodorization function is turned on by default when the power is on every time.)

Night light

· Night light adjustment：Long press " 💧 " button to turn on/off night light.
· Intelligent mode：Long press " 💧 " button to enter into intelligent mode (Night light will be on or off depending on the surrounding light.). If the product is on intelligent mode, long press " 💧 " button to exit intelligent mode. (Factory setting: intelligent mode)

Automatic pre-wetting function

• Press and hold " ■ " button and press " 💧 " button to turn on or off automatic pre-wetting function. After the automatic pre-wetting function is turned on, the pre-wetting function will be performed when the user is detected to be seated. (Only for the toilet with automatic pre-wetting function.)

Foot sensor function

• Long press " 💧 " button to turn on/off foot sensor function. Foot sensor is deactivated when the user is seated. (Only for the toilet with foot sensor function.)

Four Seasons Temperature Sensing function

① Long press " 💧 " button to activate the Four Seasons Temperature Sensing function, indicated by a single beep. Once activated, the unit will intelligently adjust the water temperature, air temperature, and seat temperature based on the external environment.
② Long press " 💧 " button again to deactivate the Four Seasons Temperature Sensing function, indicated by two beeps. (The Four Seasons Temperature Sensing function is set to off by default and needs to be activated for first-time use.)

Remark:

· In case of power cut during nozzle spraying, the wand cannot be retracted, please wait until the power is restored. In case of a power cut for a long period, please push the wand softly back by hand. Do not push hard, to avoid damage to wand and electrical machine.
